

30-Day FOD Reduction Challenge Scoreboard

Track a focused 30-day effort to reduce repeat findings and improve participation.

Challenge Start Date		Challenge End Date	
Area / Facility		Challenge Lead	

Weekly Scores

Metric	Week 1	Week 2	Week 3	Week 4	Target
Walks completed					100% of schedule
Findings logged					All findings logged
Repeat findings					Decreasing trend
New hotspots identified					All logged
Corrective actions opened					≥ 1 per week
Corrective actions closed					≥ 1 per week
Walk participant count					≥ 90% participation
UNKN classification rate, assessed non-hazardous items only					≤ 5%

Classification Rule

Classification rule: UNKN is only for items assessed by a qualified person as non-hazardous but unidentified. Use UNASSESSED/UNKNOWN for items awaiting assessment. Do not handle unassessed items; isolate them and escalate them as suspected HAZ.

Weekly Notes

Week	Notes / action items
Week 1	
Week 2	
Week 3	
Week 4	

Final Results

Challenge goal met? (Yes / No): ____

Total findings logged during challenge: ____

Reduction vs. pre-challenge baseline (%): ____

Corrective actions implemented: _____

Key lessons learned: _____
